Profile

Creative Lead and Business Development Specialist with 6+ years driving brand systems, 3D spatial visualization and graphic design. Expert at executing end-to-end design pipelines from photorealistic renders and print production to high-stakes presentations and proposals that convert corporate partnerships.

Core Competencies

- Brand Identity & Systems Design
- Layout Design & Typography
- Vector Illustration & Graphic Asset Creation
- Prepress & Print Production
- Packaging & Apparel Graphics
- 3D Spatial Visualization & Rendering
- Motion Graphics & Compositing
- Pitch & Presentation Design
- Environmental & Large-Format Graphics
- Digital Media & Social Content Strategy

Key Achievements

Brand Identity & Corporate Systems

Engineered end-to-end brand architecture, visual identity and operational design systems for 12+ client organizations across corporate, healthcare and hospitality sectors, including Shepherds Hospital Narok and Glenlivet Africa, standardizing quality across 100% of client touchpoints.

Spatial Design & 3D Implementation

Delivered full-cycle spatial visualization from conceptual 3D rendering to on-site execution, leading complete interior transformations, including a comprehensive multi-zone space redesign for Acumen Academy alongside facility rollouts for Spiro and Hardest to Reach Initiative.

Business Development & Pitch Strategy

Architected high-impact pitch decks, retainer models and strategic campaign frameworks for 8+ tier-one corporate clients including Safaricom, ABSA, Airtel, Digital Mara and SHA positioning creative capabilities to capture high-value agency partnerships.

Production & Visual Execution

Executed complete production pipelines spanning prepress vector specs, environmental signage and video post-production, successfully deploying 15+ large-scale campaign packages, apparel manufacturing runs and digital media assets.

Experience

Dec 2025 - Present

Creative Strategy Lead | Bevel & Yantra Consultancy, Kenya

- Directing end-to-end creative vision, brand identity and spatial visualization pipelines for corporate, institutional and commercial interior projects across East Africa.
- Leading spatial design and visual strategy for flagship commercial assignments, including a comprehensive multi-zone project for Acumen Academy and environmental graphics for other regional faculties.
- Spearheaded corporate identity rollouts and interior branding systems orchestrating multi-site visual deployments for Spiro regional offices and custom residential concepts.
- Developing photorealistic 3D renders, material maps and spatial visualization blueprints that guided execution teams to ensure accurate design translation on site.
- Established company-wide brand governance protocols and unified digital asset libraries, standardizing presentation materials and technical client deliverables.
- Manage corporate brand positioning and marketing operations, designing company templates and directing visual output across all social platforms.

Aug 2025 - Feb 2026

Business Development | CarlySana Animation Studio Ltd, Kenya

- Spearheaded creative strategy, visual communications and business development assets for a commercial animation studio targeting major corporate and institutional partnerships.
- Authored and designed high-impact pitch decks, retainer proposals and strategic campaign frameworks for tier-one corporate clients including Safaricom, Airtel Kenya, ABSA Bank Kenya and Digital Mara.
- Developed institutional brand campaign concepts and civic education visual frameworks, including major proposals for M-Pesa's legacy initiative and the Social Health Authority (SHA) digital adoption campaign.
- Designed event branding, spatial graphics and market entry strategy assets for large-scale entertainment and sports activations, including Turbo Pedalling and Tukutane Entertainment for "Asake Live".
- Re-engineered the core brand identity system by standardizing colour palettes, unifying asset libraries and engineering interactive proposal templates that boosted client pitch conversion.
- Assisted in the end-to-end digital marketing and social media operations, creating highlight reels and promotional content to establish market positioning as a premium creative partner.

2020 - Ongoing

Brand & Design Professional | Freelance and Advisory

- Direct complete brand identity systems, marketing operations and production-ready print assets for corporate, healthcare, hospitality and event clients.
- Developed institutional brand suites and strategy documentation for Shepherds Hospital, designing multi-site marketing materials, business plans, corporate stationery suites, branded notebooks and internal ID systems.
- Engineered full brand identities for hospitality ventures including Rafiki's Swahili Dishes, delivering core logo systems, colour palettes, menu layouts, social media operations and exterior environmental signage.
- Spearheaded co-branded campaign assets and fleet graphics for HSP Ltd, executing ambulance vector mock-ups, promotional drop banners and joint promotional activations with regional healthcare facilities.

- Designed high-profile event branding and apparel specs for Finebrands Partnership, delivering final manufacturing ready artwork for New KCC and Glenlivet golf tournament apparel and merchandise.
- Produced seasonal campaign banners and corporate marketing assets for facilities management clients, including targeted holiday campaigns for Adroit Facilities Limited.
- Executed custom visual assets, welcome displays and promotional print media for private activations, commercial events and venue installations.

Technical Proficiency & Creative Stack

- **3D Visualization & Spatial Modelling**

Stack: SketchUp, Blender, Lumion, D5 Render, Enscape

Workflows: Architectural spatial visualization, PBR material creation and texture mapping, photorealistic environment lighting and spatial layout.

- **Graphic Design & Brand Systems**

Stack: Adobe Illustrator, Adobe Photoshop, Figma, Adobe InDesign

Workflows: Brand identity systems, typography architecture, vector art production, interactive pitch deck design and prepress execution (CMYK, bleed and manufacturing vector specs).

- **Business Development & Strategic Planning**

Stack: Microsoft Office Suite, Google Workspace

Workflows: Corporate pitch strategy, commercial proposal development, campaign framework design, client relationship management and market positioning strategies.

- **Post-Production & Motion Editing**

Stack: Adobe After Effects, DaVinci Resolve, Adobe Premiere Pro

Workflows: Timeline video editing, colour grading, motion graphics compositing, 2D/3D tracking and high-fidelity video encoding for multi-platform delivery.

Education

Dec 2023

Bachelor of Science • Actuarial Science | JKUAT Karen Campus, Nairobi

Aug 2026 - Ongoing

Certificate • Google UX Design Professional | Coursera Incorporated
